

## Energy SWAT Minutes: June 12th, 2017

---

*Attendees: Curt Wade, David Norvell, Yara Watson, Duane Siemen, James Fenton, and Casey Phillips*

*Absent: Alex Parlato, Issa Batarseh*

### **Updates:**

- OEIS Dashboard Updates
  - Indoor Air Quality (IAQ) surveys

Energy Awareness through Curriculum:

- Introductory science course (non-science majors)
  - Understanding electricity kwh and savings

### **Current State:**

- UES retro commissioning efforts
  - Campus lighting retrofits
- Utility Demand Side Management rebates

### **Goal Setting:**

- Discuss objectives as an Energy SWAT for FY 17-18 – Curt
  - Seeking student interest on UCF marketing (promotional video) on campus energy efforts and initiatives – from a student’s perspective
- Work on communicating the behind-the-scenes to general population

Brainstorming:

- Occupying classrooms by energy needs as well as square footage and number of students
- Getting the word out-
  - “Bumpers” mini educational video clips before the start of movies available to students
  - Showcasing energy efficient/waste reducing products in buildings on campus, e.g. water fountains with bottle fillers
  - UCF Websites, student newsletters, Facebook, etc.

Next Meeting: Tuesday, July 18 at 3pm, Facilities Operations 103
